Exchange Policy

DemoMart | Synthetic policy document | Version 1.0 | Updated September 2026

DemoMart is a fictional online store used only for RAG development and testing. The policies below are synthetic demo data and do not describe a real company.

1. Eligibility for an Exchange

Most unused and unopened products can be exchanged within **30 calendar days** of the delivery date. The item must be in resalable condition and include the original accessories, tags, manuals, and packaging where those materials were supplied.

• The exchange request must be submitted through the DemoMart Orders page before the 30-day window ends.

• Products that show wear, washing, installation, physical damage, or missing parts may be rejected after inspection.

• A replacement is subject to inventory. If the requested replacement is unavailable, DemoMart may issue a refund instead.

• Personalized or made-to-order items are not eligible for a size, color, or model exchange unless the item arrived defective or incorrect.

2. Exchange Types

Exchange reason	What happens	Customer cost
Wrong item received	DemoMart sends the correct item after the wrong item is scanned by the carrier.	No exchange shipping charge
Defective on arrival	Customer provides a short description and, when useful, photos. DemoMart may replace or refund the item.	No exchange shipping charge
Size or color change	Available for eligible apparel and accessories within 30 days.	Return shipping may apply
Change of model	Allowed only when the original product category supports an exchange and the replacement price is accepted.	Price difference may apply

3. Price Differences

When the replacement costs more, the customer pays the difference before the replacement is released. When the replacement costs less, DemoMart refunds the difference to the original payment method. Discounts from the original order are preserved when the exchanged item has the same promotion eligibility.

Example: Higher-priced replacement

Original item price: Rs. 2,499. Replacement item price: Rs. 2,799. The customer pays Rs. 300 before the replacement ships.

Example: Lower-priced replacement

Original item price: Rs. 3,000. Replacement item price: Rs. 2,700. DemoMart refunds Rs. 300 to the original payment method after the exchange is confirmed.

4. How to Request an Exchange

• Open Account > Orders and select the delivered order.

• Choose Exchange next to the eligible item and select a reason.

• Choose the replacement size, color, or model when inventory is available.

• Download the return label if DemoMart provides a prepaid label. Pack the original item securely.

• Hand the parcel to the listed carrier and keep the tracking receipt until the exchange is completed.

5. Inspection and Timing

For standard exchanges, DemoMart usually begins the inspection within 2 business days after the parcel reaches the processing center. When the replacement is in stock, it generally ships within 1-2 business days after approval. Delivery time then follows the normal shipping service selected for the replacement order.

6. Exchange Exceptions

• Gift cards and digital downloads cannot be exchanged.

• Items marked final sale at the time of purchase are not eligible for change-of-mind exchanges.

• Bundles may need to be returned as a complete bundle when an exchange affects a bundled component.

• A replacement for a defective item does not extend the original product warranty period unless the manufacturer states otherwise.

7. Frequently Asked Questions

Can I exchange an item after 30 days?

A standard change-of-mind exchange is normally unavailable after 30 days. Defective or warranty-related cases may follow a separate process.

Can I exchange an item for a different product?

A model change is allowed only where the exchange flow supports it. Otherwise, return the original item and place a new order.

Where is my replacement?

Open the exchange confirmation email or Account > Orders to view the replacement tracking number once it has been shipped.
